Hi Peter,

Back in May the BLM determined that additional NEPA was needed, or something to that effect. You stated back in May that the operator was probably still waiting for the BLM. Please can you follow up on this. Thanks.

I spoke with Duane, who said that the NEPA action hasn't been done on the Long Ridge project yet because BLM is waiting for the operator to respond with additional information and also some on-the-ground staking of areas of some sort. So we might be waiting for a while.
